EDUCATION

2023 - 2027 Bachelor's Degree at **SRMAP University** (GPA: 9.35/10.0)
2021 - 2022 Class 12th Board of Intermediate Education, Andhra Pradesh (982/1000)

EXPERIENCE

Intern at AddWise Tech Innovation **May 2025 – July 2025**

- Built full-stack features using React.js, Node.js, and SQL with secure role-based access.
- Implemented QR code generation with unique 16-digit codes for dynamic device assignment.
- Integrated Leaflet.js maps to visualize device coordinates via API, updating every 10 seconds.

PROJECTS

IntruderVision — *Python, Flask, Email Alerts, HTML, CSS, JavaScript* **Jan 2025**

- Built **IntruderVision**, a real-time security system using *OpenCV* and *MediaPipe*.
- Captured and logged intruder images with timestamps for detailed monitoring and evidence.
- Enabled gesture tracking with under **200ms latency** via *Flask* optimization.
- Triggered intrusion email alerts within **3 seconds** of detection.

HandWave Unlock — *Python, OpenCV, Flask, HTML, CSS, JavaScript* **Feb 2025**

- Designed a gesture-based auth system with **real-time hand tracking** using *MediaPipe*.
- Enabled unlocking of a laptop or PC using any 3 user-selected hand gestures for personalized security.
- Processed webcam input using *OpenCV*, achieving interaction latency under **250ms**.
- Integrated *Flask* to match live gestures with stored patterns for authentication.

CertificatePlace — *React.js, Tailwind CSS, Node.js, Express.js, REST API, Supabase* **Jul 2024**

- Built a scalable certificate platform for **100+ students across 10+ colleges**.
- Added secure OTP login system with **admin/student dashboards**.
- Automated PDF certificates generation with unique **1 QR code/student**.
- Sent instant real-time email alerts delivered in under **5s**.

PriceDropAlert — *JavaScript, Node.js, Express, Cheerio* **Jul 2025**

- Built a browser extension that tracks e-commerce prices and sends instant drop alerts.
- Sent over **200+ email notifications**, tracking **50+ products** in real-time.
- Reached **90%+ accuracy** using fast Cheerio-based DOM scraping.

SKILLS

- **Languages & Databases:** Python, Java, JavaScript, TypeScript, C, C++, HTML, CSS, SQL, PHP, PostgreSQL, MongoDB
- **Frameworks & Libraries:** React.js, Node.js, Express.js, Leaflet.js
- **Developer Tools:** Git, GitHub, VS Code, Postman, Docker, Supabase, Vercel, Firebase
- **Core Competencies:** Data Structures and Algorithms (DSA), Competitive Programming, Communication, Team Collaboration
